A Little Kindness Can Make a Big Difference.

Friends of The Fund

All members of the Advisory Board of Clement's Kindness are deeply grateful to the Greenville business community and the entire Upstate for assisting us as we fulfill our mission to address the medical, psychological, social, emotional and financial needs of Upstate families impacted by pediatric cancer and other serious blood disorders.

We are lucky enough to live in a city and state where caring individuals and the companies they work for are touched by the plight of families whose children are fighting life threatening diseases.

We want you to know just how big the heart of a company can be! SYNNEX Corporation is such a company. Under the guidance of Peter Larocque, they have held for three years the SYNNEX *Share the Magic* event to benefit four children's charities in Greenville, including Clement's Kindness. Because of Peter and his whole team at SYNNEX, $347,265 has been given to Clement's Kindness so the lives of sick children and their families can be made less devastatingly difficult during the life threatening struggle that comes with a diagnosis.

All contributions given to Clement's Kindness are important. Whether it is $10 or $300,000 each donation is meaningful to us, and we are deeply grateful for every gift.

Thank you for caring and sharing in the mission of Clement's Kindness.

Priscilla and Knox Haynsworth

A special day at The Farm at Rabon Creek for cancer center patients and Clement's Kindness founders, Priscilla and Knox Haynsworth.

Clement's Kindness was grateful to be selected as a beneficiary of local charitable gifts in 2013-2014. These remarkable organizations partnered with Clement's Kindness to help families in need in the Upstate:

Brotherton Foundation • C. Rivers Stone Foundation • Charity Ball Board of Greenville • Delta Interests, LLC First Citizens Foundation • Georgea M. Greaves Foundation • Martin Printing • Palmetto Trust Symmes Foundation • SYNNEX Share the Magic • UBS Financial Services

A Little Kindness

Priscilla and Knox Haynsworth understand the heartbreak of losing a child. They can truly relate to the emotions that families deal with upon learning of their child's diagnosis and the uncertainty of the future. They can also relate to the instinct a parent has to care for their child. Many times, parents must leave their jobs to dedicate their time to the well-being of their child. This could mean a family living off of two incomes is down to one, and in some cases, families are without an income at all. Consequently, families are left needing funds to travel to doctor's appointments, pay monthly household bills or seek counseling for the devastating effects a life-threatening illness can cause.

Clement's Kindness recognizes every challenge a family endures when faced with a life-threatening illness, and as a result, the fund provides assistance for all aspects related to a child's diagnosis, treatment and recovery.

The staff at the BI-LO Charities Children's Cancer Center uses the Clement's Kindness Fund to aid families in the following ways:

DISCRETIONARY FUNDS
For non-medical needs including mortgage payments, car payments, utility bills, car repairs and more

PSYCHOLOGICAL COUNSELING
For services that are integrated into the treatment plan and conveniently provided at the BI-LO Charities Children's Cancer Center

TRAVEL & LIVING EXPENSES
For families who must travel out of town to receive treatment

OUT-OF-POCKET COSTS
For expenses such as gas, meals and phone calls

Clement's Kindness also provides funds to the BI-LO Charities Children's Cancer Center for various programs at the hospital. Some programs helped by Clement's Kindness include:

SCHOOL INTERVENTION PROGRAM
Provides assistance and guidance for patients and parents who are unfamiliar with available school services, and includes a school visit to help administrators, teachers, school nurses and counselors understand the medical and psychosocial needs of the patient

SCAT (SHARING COURAGE ALL TOGETHER) PROGRAM
A monthly support group for teens diagnosed with a blood disorder or cancer and their parents

STAR (SOMEONE TO ALWAYS REMEMBER) BEREAVEMENT PROGRAM
A monthly support group for families who have lost a loved one

Treasured memories of young Clement growing up with his father, Knox Haynsworth.

Throughout this report, you will see examples of how Clement's Kindness impacts the lives of Upstate families. From funds for support groups to assistance with everyday expenses and summer camp, Clement's Kindness touches so many lives in both big and small ways.

When you first meet Hayden, you're immediately drawn in by his sweet freckles and irresistible smile. The kindergartner from Waterloo, South Carolina, loves to play outdoors on his slide or instigate a good, old-fashioned water gun fight with his friends.

With his naturally fair skin, Hayden bruises easily, but when his mother also noticed a hand tremor and fever, she immediately took him to the doctor. The family was referred to the BI-LO Charities Children's Cancer Center where he was diagnosed with leukemia in 2010.

Hayden and his family virtually lived at the BI-LO Charities Children's Cancer Center throughout 2011 and now, several years later, they visit once a month for Hayden to receive treatment.

"When Hayden was first diagnosed with cancer, it really opened our eyes," said Danielle Long, Hayden's mother. "We never expected him to get cancer, but we have met so many wonderful people along the way and now have friends that we would have never had before. It truly has changed our lives."

Clement's Kindness has been able to assist Hayden and his family with mortgage payments, utility bills, a trip to Carowinds, as well as guidance through the School Intervention Program.

Hayden Long
Waterloo, South Carolina

"If it wasn't for Clement's Kindness, my kids wouldn't have been able to have Christmas. Clement's Kindness is truly an amazing organization, and they are there when you need them the most. I'd like to thank everyone who has made a donation to this fund."

— Danielle Long, Hayden's mother

Hailey Schulte
Greenville, South Carolina

When Hailey and her two sisters arrived at The Farm at Rabon Creek, they looked as if they were ready for a magazine photo shoot in their coordinating skirts and shirts. Upon first meeting them, you may think the girls are triplets; however their mother Tricia adopted Hailey at six months from Vietnam, Hannah at seventeen months from Vietnam and Taylor at two years old from China.

Three years ago when Tricia moved her family to Greenville, Hailey had an ear infection and started running a fever. She took Hailey to the doctor, and she was given an antibiotic and shot. The next day she still wasn't feeling better, and Tricia took her back to the doctor to have blood work done. They discovered her hemoglobin was dangerously low, and Hailey was rushed to the BI-LO Charities Children's Cancer Center where she was diagnosed with acute lymphocytic leukemia.

Hailey's sisters have been by her side for the past three years as she received rounds of chemotherapy. Over the summer, Tricia and the girls spent time planting a garden, making snow cones and hosting a car wash.

"It's funny because people think cancer is the worst thing that ever happens to them, but we were determined to make the best of it. After the diagnosis, I took the girls anywhere and everywhere I could, and we joined support groups in Asheville, Charlotte and Charleston. When you go to these family events, every parent understands what you're going through. We've embraced cancer and have been blessed by so many amazing people," said Tricia.

Over the past several years, Clement's Kindness was able to help the family with financial assistance for utility bills, car repairs, a trip to Carowinds and a Greenville Drive baseball game hosted by SYNNEX *Share the Magic.*

"We couldn't have made it through this journey without Clement's Kindness. When we needed help, Clement's Kindness was there. We went on the Carowinds trip this summer, and Hailey felt well and smiled the entire time. I want to thank everyone who contributes to Clement's Kindness because I couldn't have done it without them. "

— Tricia Schulte, Hailey's mother

Ashley Norris

Welford, South Carolina

Ashley is an energetic four year old, and just like other little girls her age, she loves the movie Frozen® and playing dress up in Hello Kitty® and Minnie Mouse® outfits. When she can play outside, she loves to fish and ride her four-wheeler.

This past spring, the lives of Ashley and her family were forever changed when she was diagnosed with Wilms' tumor, a rare kidney cancer that primarily affects children.

"Ashley is so energetic, positive and strong, you would never know that she is sick," said Michelle Edmunds, Ashley's mother. "She's a little shy at first, but once she gets to know people, they find that she likes to make people laugh. We're doing better than we were when we started this journey, and Ashley's so positive that we can't complain."

Clement's Kindness was able to help the family with a trip to Carowinds, and Ashley had a wonderful time dancing with all the theme park characters.

"I think it's so nice that Clement's Kindness gives parents the ease and comfort of being helped. We're the type of people who don't typically like to ask for help, but we certainly appreciate Clement's Kindness for all they do for these children and families."

— Michelle Edmunds, Ashley's mother

Daniel Echavarria

Greer, South Carolina

It seems improbable that an adorable 10 month-old baby who hasn't even celebrated his first birthday could be diagnosed with bilateral retinoblastoma, but that is exactly what happened on December 10, 2013 to Daniel and his family.

In an instant, the family's entire world was turned upside down, and it's been heart wrenching for the parents to see their baby go through pain. Daniel received life-saving chemotherapy at BI-LO Charities Children's Cancer Center, but requires frequent visits to the Storm Eye Institute at MUSC for follow up eye exams.

"We recently went to Charleston where Daniel was seen last month, and we will have to return for another follow-up appointment in two months. Receiving assistance from Clement's Kindness to help with the hotel room in Charleston was wonderful," said Reyna Echavarria, Daniel's mother.

Clement's Kindness was able to assist the family with gas cards and other expenses associated with their trip to Charleston during visits to the Storm Eye Institute at MUSC.

"I just want to thank everyone at Clement's Kindness and everyone who has made a donation because it's been very helpful. I hope God blesses Clement's Kindness with many more donations so they will be able to help more people as they have helped our family."

— Reyna Echavarria, Daniel's mother

Shakyra loves to talk, and with her enthusiastic nature, it's easy to understand why she wanted to be a cheerleader one day. However, after being diagnosed with aplastic anemia, the kindergartner now wants to be doctor when she grows up.

In spring of 2014, Shakyra wasn't feeling well, and her family took her to an emergency room in Greenville. Her blood counts were very low, and she was diagnosed with aplastic anemia. The family now travels back and forth from Pickens to the BI-LO Charities Children's Cancer Center regularly so Shakyra can receive platelets and treatment.

Over the summer, Shakyra was able to go to Camp Courage for the first time where they were able to support her treatment. "Shakyra has adapted to the situation very well. When she was first diagnosed, she was scared and she missed her family. When she told me that she was scared, it was really emotional for me. I have experience working in the medical field with the elderly, but that did not prepare me for the challenges of supporting a sick child. I really appreciate everything Clement's Kindness is doing for her. They have made this an uplifting journey," said Ernestine Wilson, Shakyra's grandmother.

Fortunately, Clement's Kindness has been able to help Shakyra and her family with gas cards, utility bills, trips to Carowinds and Camp Courage, and guidance through the School Intervention Program.

Shakyra Young
Pickens, South Carolina

"I want to thank Clement's Kindness from the bottom of our hearts. I appreciate Clement's Kindness to the fullest for all they do. One of my favorite quotes is 'If I can help you along the way, then my work is not in vain' and this is how I feel about our entire experience."

— Ernestine Wilson, Shakyra's mother

Santos Hernandez
Fountain Inn, South Carolina

Santos loves to listen to gospel music, watch cooking shows and read the Hardy Boys® mystery book series. When he is outdoors, Santos likes to jump on his bike and ride around the neighborhood.

A fall from his bike may have saved his life. When Santos got up, his hip was hurting badly so his family took him to the doctor. He was sent home with what was thought to be a sprung hip. That evening Santos went to his kindergarten graduation, but the normally energetic and talkative boy was very quiet. The next day he woke up crying, and the family returned to the doctor where he had an X-ray and blood work done. When the doctor discovered that his white cell count was very low, Santos was rushed to the BI-LO Charities Children's Cancer Center where he was diagnosed with leukemia.

"A lot of people say 'Why me?' but Santos thinks that God gave him cancer so he could learn how to pray for people," said Alejandra Shearer, Santos' grandmother. "We've met a lot of amazing people through his journey, and I have found so much love and support from the nurses and the doctors. Everyone has poured so much love and encouragement onto our family that it has helped us keep going."

Clement's Kindness has helped the family with car repairs, trips to Carowinds and Camp Courage, and guidance through the School Intervention Program.

"We want to thank Clement's Kindness for all the love, support and encouragement not only for Santos but also our whole family. We have been blessed, and our cup runneth over. We will be forever thankful, and hopefully we can give support to others who are going through their own journey fighting cancers."

— Alejandra Shearer, Santos's grandmother

THE FARM AT RABON CREEK HOSTS CLEMENT'S KINDNESS

It was a beautiful and sunny day in June during the photo shoot at The Farm at Rabon Creek. The roosters were crowing, the pigs cooling off in the mud and the cows were grazing in the distance. Each family arrived with huge smiles on their faces, and all were ready for a day in the country.

Spending the day at the farm turned out to be one of the most fun and relaxing locations for a photo shoot. The owner of the farm spent time getting to know each of the families and entertained the children by driving a tractor pulling a horse ride. By the end of the afternoon, she kindly invited all the families back to the farm for another visit. The farm's event coordinator came prepared with cowboy hats for each child and activities including painting flowerpots, creating goat and pig puppets, and touring the farm and its animals. The day concluded with everyone gathering to eat lunch on wooden rustic tables under one of the barns.

The Farm at Rabon Creek is 78 acres of rolling pasture land located in Fountain Inn. Overlooking a pond is a 40 foot tall vintage windmill, and two barns sit on the property including one that is longer than a football field. The farm began as a dairy operation over 100 years ago, but now serves as a home for a number of different animals and as a venue for artisans and communal affairs. They also partner with Mill Village Farms, a nonprofit that employs teens and helps develop job skills while learning about sustainable agriculture and entrepreneurship.

For more information about The Farm at Rabon Creek, visit www.thefarmatraboncreek.com.

Camp Courage

Camp Courage consists of two one-week long camps held at Pleasant Ridge Camp and Retreat Center, a state of the art, fully accessible camp facility. Camp Courage is designed to promote normal development, coping, peer support and recreation for patients of the BI-LO Charities Children's Cancer Center. Campers stay for one full week during the summer and enjoy activities including swimming, horseback riding, archery, fishing, zip lining, rock climbing, and arts and crafts.

Leaving a Legacy — Dr. Cary E. Stroud Infirmary

In 2013, Clement's Kindness announced a pledge of $300,000 to Camp Courage for the development of an on-site infirmary at camp. Clement's Kindness is honored to name the infirmary after Dr. Cary E. Stroud, the former Medical Director of the BI-LO Charities Children's Cancer Center.

Dr. Stroud was an integral part in establishing the Pediatric Hematology/Oncology Center at Greenville Health System's Children's Hospital. Under Dr. Stroud's leadership, the center tripled in size, was renamed the BI-LO Charities Children's Cancer Center and offers children and their families a complete range of treatments for cancer and blood disorders.

"Clement's Kindness was pleased to announce the Dr. Cary E. Stroud Infirmary honoring Dr. Stroud for his dedicated leadership of the pediatric cancer center and committed service to patients and their families for several decades."

— Ben Norwood, Advisory Board Chair of Clement's Kindness

Camp Courage Infirmary — Architect's Rendering

Family Support

The partnership between Clement's Kindness and the BI-LO Charities Children's Cancer Center provides a tremendous amount of support for Upstate patients and their families. By working together, two key Cancer Center initiatives received funding from Clement's Kindness that will significantly improve the quality of care for the children and their families.

SOMEONE TO ALWAYS REMEMBER BEREAVEMENT PROGRAM *(STAR PROGRAM)*

Unfortunately, the battle with cancer and serious blood disorders doesn't always end with a patient in recovery. It can be a long and bumpy road ending in a loss of a child, leaving parents and other family members in a whirl wind of emotions. Clement's Kindness supports these families through diagnoses, treatment, recovery and unfortunately sometimes, loss.

The STAR Program is a support group for families who have experienced the deep grief that comes with the loss of a child. The group is led by Reverend Patrick Jinks and meets once a month for counseling, group support and fellowship. A STAR Weekend Retreat at Pleasant Ridge also takes place yearly and is designed to help families learn how to cope with the change in family structure, size and loss.

Rev. Patrick Jinks

IN LOVING MEMORY OF TANEISHA HENDERSON

"My daughter, Taneisha, passed away in 2013 due to complications from Rhabdomayosarcoma Cancer. When she was diagnosed in 2010, Clement's Kindness was there for our family. They provided much needed parent and teen meetings, lunches, outings, trips and personal and financial assistance. This was especially comforting when life seemed to be extremely blurry. Clement's Kindness helped me with my daughter's final expenses, and I am beyond grateful for the kindness and care. I am also thankful for the STAR Retreat at Camp Courage. The time spent with other grieving parents is what we all needed. Love and tears flowed through the camp and lifted us up to think of new possibilities in dealing with the loss of our children." — Marilyn Stephens

Taneisha Henderson

PEDIATRIC CHEMOTHERAPY INFUSION CENTER

The BI-LO Charities Children's Cancer Center averages over 8,000 outpatient visits per year for children with cancer and serious blood disorders. More than half of these visits involve treatment in the outpatient infusion center. There, children receive chemotherapy, blood transfusions, immune therapies and other life-saving medications.

With financial support from Clement's Kindness, the BI-LO Charities Children's Cancer Center will be able to update their outdated equipment with new medication infusion chairs and beds that feature the latest technology including built-in iPads, wireless headphones, massage capabilities and heating elements. These features are essential for children who are struggling through daily treatments for life-threatening illnesses by creating procedural distraction therapies, therapeutic play and diagnosis education.

Many patients spend hours per day in the infusion center, and the updated equipment will allow the Cancer Center to create a comfortable setting that will drastically improve this portion of a patient's treatment.

The new infusion chairs and beds feature the latest technology including built-in iPads, wireless headphones, massage capabilities and heating elements.

SYNNEX *Share the Magic* — A Lifeline of Support

Clement's Kindness is indefinitely grateful to SYNNEX Corporation for the incredible support through their annual fundraiser, SYNNEX *Share the Magic*. Over the past three years, SYNNEX Corporation has taken the responsibility of caring for Upstate children facing challenges such as illness, abuse or neglect.

The event began as a vision of Peter Larocque, President, North America Distribution for SYNNEX Corporation. As a father of three and a business leader in the community, Peter set his sights high on making a difference in the lives of local children. With his passion and drive for success, Peter has been able to bring business partners, friends and community leaders together with a focus on helping children in need.

October 4, 2014 will mark the fourth annual SYNNEX *Share the Magic* Gala benefiting A Child's Haven, Clement's Kindness, Pendleton Place for Children and Families and Make-A-Wish Foundation of South Carolina. The 2013 gala raised more than $1.06 million, and in 2014 the SYNNEX *Share the Magic* goal is $1.25 million.

Clement's Kindness is beyond thankful and honored to be a part of such an extraordinary cause. We thank Peter Larocque, SYNNEX Corporation and its supporters for helping us dramatically improve the lives of Upstate children battling cancer and other serious blood disorders.

SYNNEX *Share the Magic*
BENEFITING LOCAL CHILDREN'S CHARITIES OF SC

Knox and Priscilla Haynsworth, Advisory Board Chair, Ben Norwood, and BCCCC social worker, Pam Broughton, share the excitement with Peter Larocque while accepting a check from the 2013 event.

Priscilla and Knox Haynsworth with Suzanne and Judge C. Victor Pyle at the 2013 SYNNEX Share the Magic Gala.

SYNNEX Share the Magic Day at the Greenville Drive

Peter and Lisa Larocque and their children, Buster, Marissa and Jenna, pose with the owner of the Greenville Drive, Craig Brown. The Greenville Drive partnered with SYNNEX Share the Magic for a special game in which a portion of all ticket sales were donated to help the event's fundraising efforts. Peter's daughters, Marissa and Jenna, reveal their donation to SYNNEX Share the Magic raised through their Girl Scout troop's 2014 cookie sales.

Ayden Cole, Bi-LO Charities Children's Cancer Center patient and Clement's Kindness recipient, prepares to throw out the first pitch at the 2014 SYNNEX Share the Magic Day at the Greenville Drive.

BI-LO Charities Children's Cancer Center patients and Clement's Kindness recipients and their families enjoyed the afternoon at Fluor Field cheering on the Greenville Drive.

Help us make a difference.

With your help and support, Clement's Kindness can continue to make a big difference. A donation is the perfect opportunity to touch the hearts of these incredible families and see your generosity at work in the Upstate.

Every donation goes directly to the patients and their families. Your donation may be used for gas money to take a child back and forth for chemotherapy over the course of several months. Or your donation could provide funds for a plane ticket to visit a specialist across the country. Your donation may be used to help with a mortgage payment because a mother had to leave her job to care for her child. As you've seen, the needs are many, but so are the opportunities to help.

$5,000 will provide funds for a School Intervention Program, which helps transition and prepare children to reenter a school environment.

$2,500 will sponsor a Family Support Day and Retreat.

$1,000 will pay travel expenses for the family of a child needing a bone marrow transplant or experimental therapy.

$500 will help a family with a mortgage payment or their utility bills for a month.

$250 can fund a monthly lunch for the Teenage Support Group.

$150 can help a family with their power bill for the month.

$50 will pay for a gas card for transportation to and from appointments or a grocery store gift card.

Clement's Kindness is also pleased to announce the launch of our new website. The site will frequently be updated with new videos, testimonials and current events to show how your support is making a difference in the lives of these families. One of the many new features includes the opportunity to quickly and easily donate online.

Visit our new site at

Clement's Kindness

A Little Kindness Can Make a Big Difference

Thank you for your kindness.

Clement's Kindness would like to thank the following donors who have helped make a big difference in so many peoples' lives. We would also like to recognize the anonymous contributors who are not listed. All contributions go directly to helping patients and families who come to the BI-LO Charities Children's Cancer Center from across the Upstate. We thank you for your generosity because without your kindness, we would not be able to help.
